Dear Sir or Ma'am,

Please consider this letter my expression of intent at being considered as a nominee to serve as a representative of the Upper District on the Board of Podiatry Medical Examiners. I have included a brief biography, as instructed.

I have been actively practicing in South Carolina for the last two years, and I am a founding member of the Greenville Health System's Center for Amputation Prevention, a collaborative clinical and research alliance at GHS where we are dedicated to advancing the care of lower extremity ulcerations and preventing amputations. In that capacity, my responsibilities include lower extremity reconstruction and limb salvage techniques, wound care, and research. Additionally, I hold an academic appointment as an Assistant professor of Surgery at The University of South Carolina School of Medicine –Greenville.

I am board certified by the American Board of Foot and Ankle Surgery in both

Foot Surgery as well as Reconstructive Rearfoot/Ankle Surgery. I am a Fellow of the American Collage of Foot and Ankle Surgeons (ACFAS), and I am a member of both the American Podiatric Medical Association (APMA) and the South Carolina Podiatric Medical Association (SCPMA).

I completed my residency training in Washington DC, at the Medstar Washington Hospital Center and at Georgetown University. I completed my Podiatric medical education at Barry University in Miami Shores, Florida and my undergraduate education at Hampden Sydney College, in Virginia.
Prior to practicing in South Carolina, I spent four years in private practice in an orthopedic group in Virginia. While in Virginia, I was an active member of the Virginia Podiatric Medical association (VPMA) and I served as a member of the VPMA board, first as a Young member representative and then as a 'member at large.'

It is my hope to serve the citizens of South Carolina as a member of Board of Podiatry Medical Examiners.

Thank you for your consideration,

Ryan Fitzgerald, DPM FACFAS

Request to be considered a candidate for the South Carolina Board of Podiatry Examiners.

George N Pattis DPM (SC Lic #73) with over 30 years of experience as a podiatrist. Prior work experience included private practice, multispecialty group practice, the VA, Kaiser Permanente (hospital based practice) and the US Public Health Service.

Currently on staff at two local hospitals in Greenville SC with surgical privileges. I would like to serve on the Board and I believe my varied background, experience and core values will be of benefit to serve the profession and the State of SC.
