

SOUTH CAROLINA BUILDING CODE LOCAL MODIFICATIONS

As authorized by Section 6-9-105 of the South Carolina Code of Laws, 1976 as Amended, the South Carolina Building Codes Council has approved the following modifications to the approved building codes for the stated jurisdictions. Approved modifications under Section 6-9-105 only apply to the specific jurisdiction for which the request was made.

Modification Number: L 2009-01.

Jurisdiction: Greenville County.

Section: Appendix F, 2009 International Residential Code.

Modification: To allow the use of Appendix F.

Physical Reason: Greenville County is designated as Zone 1 (Highest Potential for Radon Gas) by the US Environmental Protection Agency, thus requiring the provisions of Appendix F.

Proponent: Greenville County.

Effective Date: July 1, 2008, carried over February 24, 2010.

Modification Number: L 2009 02.

Jurisdiction: Town of Springdale.

Figure: R301.2(2) Seismic Design Categories, 2009 International Residential Code.

Modification: Figure R301.2(2) was replaced with the 2008 USGS Seismic Hazard Map until the 2012 IRC is implemented by the Building Codes Council.

Physical/Climatological Reason: To allow early use of the latest seismic map approved by the International Code Council for inclusion in the 2012 IRC.

Proponent: Town of Springdale.

Effective Date: December 2, 2009.

Modification Number: L 2009 03

Jurisdiction: Florence County.

Figure: R301.2(2) Seismic Design Categories, 2009 International Residential Code.

Modification: Figure R301.2(2) was replaced with the 2008 USGS Seismic Hazard Map until the 2012 IRC is implemented by the Building Codes Council.

Physical/Climatological Reason: To allow early use of the latest seismic map approved by the International Code Council for inclusion in the 2012 IRC.

Proponent: Florence County.

Effective Date: December 2, 2009.

Modification Number: L 2009 04

Jurisdiction: City of West Columbia.

Figure: R301.2(2) Seismic Design Categories, 2009 International Residential Code.

Modification: Figure R301.2(2) was replaced with the 2008 USGS Seismic Hazard Map until the 2012 IRC is implemented by the Building Codes Council.

Physical/Climatological Reason: To allow early use of the latest seismic map approved by the International Code Council for inclusion in the 2012 IRC.

Proponent: City of West Columbia.

Effective Date: December 2, 2009.

Modification Number: L 2009 05

Jurisdiction: Kershaw County.

Figure: R301.2(2) Seismic Design Categories, 2009 International Residential Code.

Modification: Figure R301.2(2) was replaced with the 2008 USGS Seismic Hazard Map until the 2012 IRC is implemented by the Building Codes Council.

Physical/Climatological Reason: To allow early use of the latest seismic map approved by the International Code Council for inclusion in the 2012 IRC.

Proponent: Kershaw County.

Effective Date: December 2, 2009.

Modification Number: L 2009 06

Jurisdiction: Richland County.

Figure: R301.2(2) Seismic Design Categories, 2009 International Residential Code.

Modification: Figure R301.2(2) was replaced with the 2008 USGS Seismic Hazard Map until the 2012 IRC is implemented by the Building Codes Council.

Physical/Climatological Reason: To allow early use of the latest seismic map approved by the International Code Council for inclusion in the 2012 IRC.

Proponent: Richland County.

Effective Date: December 2, 2009.

Modification Number: L 2009 07

Jurisdiction: City of Columbia.

Figure: R301.2(2) Seismic Design Categories, 2009 International Residential Code.

Modification: Figure R301.2(2) was replaced with the 2008 USGS Seismic Hazard Map until the 2012 IRC is implemented by the Building Codes Council.

Physical/Climatological Reason: To allow early use of the latest seismic map approved by the International Code Council for inclusion in the 2012 IRC.

Proponent: City of Columbia.

Effective Date: December 2, 2009.

Modification Number: L 2009 08

Jurisdiction: City of Cayce.

Figure: R301.2(2) Seismic Design Categories, 2009 International Residential Code.

Modification: Figure R301.2(2) was replaced with the 2008 USGS Seismic Hazard Map until the 2012 IRC is implemented by the Building Codes Council.

Physical/Climatological Reason: To allow early use of the latest seismic map approved by the International Code Council for inclusion in the 2012 IRC.

Proponent: City of Cayce.

Effective Date: December 2, 2009.

Modification Number: L 2009 09

Jurisdiction: Sumter City-County.

Figure: R301.2(2) Seismic Design Categories, 2009 International Residential Code.

Modification: Figure R301.2(2) was replaced with the 2008 USGS Seismic Hazard Map until the 2012 IRC is implemented by the Building Codes Council.

Physical/Climatological Reason: To allow early use of the latest seismic map approved by the International Code Council for inclusion in the 2012 IRC.

Proponent: Sumter City-County.

Effective Date: December 2, 2009.

Modification Number: L 2009 10

Jurisdiction: Lexington County.

Figure: R301.2(2) Seismic Design Categories, 2009 International Residential Code.

Modification: Figure R301.2(2) was replaced with the 2008 USGS Seismic Hazard Map until the 2012 IRC is implemented by the Building Codes Council.

Physical/Climatological Reason: To allow early use of the latest seismic map approved by the International Code Council for inclusion in the 2012 IRC.

Proponent: Lexington County.

Effective Date: December 2, 2009.

Modification Number: L 2009 11

Jurisdiction: City of Camden.

Figure: R301.2(2) Seismic Design Categories, 2009 International Residential Code.

Modification: Figure R301.2(2) was replaced with the 2008 USGS Seismic Hazard Map until the 2012 IRC is implemented by the Building Codes Council.

Physical/Climatological Reason: To allow early use of the latest seismic map approved by the International Code Council for inclusion in the 2012 IRC.

Proponent: City of Camden.

Effective Date: February 24, 2010.

Modification Number: L 2009 12

Jurisdiction: City of Forest Acres.

Figure: R301.2(2) Seismic Design Categories, 2009 International Residential Code.

Modification: Figure R301.2(2) was replaced with the 2008 USGS Seismic Hazard Map until the 2012 IRC is implemented by the Building Codes Council.

Physical/Climatological Reason: To allow early use of the latest seismic map approved by the International Code Council for inclusion in the 2012 IRC.

Proponent: City of Forest Acres.

Effective Date: February 24, 2010.
