

EXAMINATIONS

All South Carolina examinations are administered by PSI Examination Services. For an application package or information regarding testing, call PSI at (800) 733-9267, or visit the web site @ www.psionline.com. You may also request an application package by sending an e-mail to SCCC@psionline.com.

The person designated to pass the exams for the licensee is called the exam qualifying party.

The classifications listed below require passing a technical exam, the Business Management/Law exam (both through PSI), and, taking the S.C. Code of Law Take Home Exam (included in the mailed application packet). The take home exam is submitted with the license application to the Contractors' Licensing Board after passing the exams through PSI. Classifications requiring exams are:

GENERAL

Limited Building	Marine
Unlimited Building	Pipelines
Asphalt Paving	Pre-Engineered Metal Buildings
Concrete Paving	Public Utility Electrical
Boiler Installation	Structural Framing
Bridges	Swimming Pools
Concrete	Water & Sewer Lines
General Roofing	Water & Sewer Plants
Specialty Roofing	Wood Frame Structures
Glass & Glazing	
Grading	

MECHANICAL

Air Conditioning
Electrical
Heating
Lightning Protection
Packaged Equipment
Plumbing
Process Piping
Refrigeration

These classifications do not require passing a technical exam; however, they do require passing the Business Management/Law exam through PSI, and the S.C. Code of Law Take Home Exam (included in the mailed application packet):

GENERAL

Boring & Tunneling	Masonry
Highway Incidental	Railroad
Interior Renovation	Structural Shapes
