APPLICATION FOR PERMISSION TO INSTALL USED BOILER

Document 245

Use one form per boiler or pressure vessel.

Requirements:

- A letter on your company's letterhead requesting permission to install a used BPV.
- A copy of the last Certificate issued or the last Inspection Report from the previous jurisdiction. Pre-inspection by Authorized Inspection Agency commissioned boiler inspector and/or insurance company's recommendation.
Note: No copies required for objects currently registered in South Carolina.
- Summary of Copies of any R forms for all repairs and alterations performed on the BPV.
- Additional documents may be required after review by the Chief Inspector.
Note: Manufacturer's Data Report is required and the BPV is registered with The National Board. A copy will be available at: www.nationalboard.org
- Installer must be a licensed contractor in SC and possess all boiler classification necessary to install the boiler (may request list).
Exceptions: It is not required to request permission to install a used air receiver or a vessel used to store compressed gas that is owned by the supplier of compressed gases and that are ASME constructed.
