HOW TO FILE A COMPLAINT

A complaint against a licensee may be made to the Office of Investigations & Enforcement (OIE) on the official complaint form. The complaining party is responsible to ensure that all information is included on the form and that appropriate supporting documents are provided. The completed complaint package should be mailed to the Office of Investigations & Enforcement, PO Box 11329, Columbia, SC 29211-1329.

For complaints alleging deficient construction, please include 1) copy of estimate, contract, invoice or cancelled check(s) to link the builder to your home; 2) copy of the building permit application, available from your local building official; 3) copy of the certificate of occupancy (new homes), also available from your local building official; and 4) a copy of your "right-to-cure" letter to the builder reporting the construction deficiencies and affording him the opportunity to make appropriate repairs.

The SC Residential Builders Commission has time guidelines to determine a licensee’s responsibility for any codes/standards issues. Your local building official has jurisdiction over deficiencies by licensed builders up until the time the certificate of occupancy is issued and two years thereafter.

Unlicensed practice cases should be referred to the Office of Investigations in all cases. An unlicensed builder will be issued a Cease & Desist Order and fined within the limits of the applicable statutes. We do not conduct site inspections in such cases.

The Residential Builders Commission has no authority over monetary or contract issues. The Commission has no authority to require a licensee to make any repairs or refund any monies. Those issues are typically addressed in the courts.

We encourage you to submit your complaint to this office. Your complaint will be worked in the order received. Please note that we represent neither the complainant nor the respondent. Should the investigation require a hearing, you may or may not be required to provide testimony. Should your property require remedial attention before we can physically inspect the property, please ask the repair contractor to provide a comprehensive repair report.

You will receive written confirmation when your complaint is opened and assigned to an investigator. You will also be provided the final disposition on your complaint.

Thank you.
